

## **The Giving Nest Preschool in Watchung Announces a \$500 College Scholarship**

The core of The Giving Nest curriculum is to teach young children the joy of being kind, compassionate and giving to others. We want our students to realize, that even though they are young, they have much to give to others that are less fortunate. Throughout our students' time at our school, they participate in activities that help others (for example, they earn \$2 by doing chores at home and the money they raised goes to purchasing gifts for families in need during the December holidays).

This \$500 scholarship will be awarded to a **former** Giving Nest student who continues to embrace and carry on the ideal of helping others. The applicant must be a senior who plans to attend an institution of higher learning.

**All applicants must fill out the attached application and mail to:**

The Giving Nest Preschool  
225 Mountain Blvd
