

CHANGES TO LUNCH PINS FOR CAFETERIA ACCOUNTS

WHRHS has changed the Lunch Pins for School Year 2016-17. In the past, students used their Student ID as their Lunch Pin to purchase from accounts established through our cafeteria vendor. Due to security concerns, we are changing all Pins, and Student ID's will no longer work to charge your accounts.

Lunch Pins were randomly generated and uploaded to our Student Information System. That Pin will be used to purchase lunch once you have established an account. The Lunch Pin is located in the parent's and student's Parent Access account on the Summary page.
