Parents/Students

Upon entrance to WHRHS, students should purchase a graphing calculator to assist them in their mathematics classes. In addition, the purchase of a graphing calculator will assist students on standardized tests such as the SAT, ACT, AP Mathematics/Science assessments and preparation for New Jersey State Assessments. The use of cell phone apps is strongly discouraged and can not be used as a substitute. The following is a list of acceptable calculator models:

TI-83 plus
TI-84
TI-84 Plus C
TI-84 Plus CE
TI-84 Silver Edition

The above models can be viewed on the [Texas Instrument Website](#).
