

As we approach the 2020 General Election amid this enduring pandemic, options for registering and voting having changed. The League of Women Voters has prepared some material explaining the voting changes and methods of registering to vote. We encourage you to share these materials electronically with your staff, your students and their families so that all eligible voters have the opportunity to make their voices heard in the upcoming election.

Some of the key changes are:

- Online voter registration in New Jersey
- Expanded voting by mail
- Secure Ballot Drop Boxes

Attached are several documents containing important information. These include:

- [A Quick Reference Guide to the voting changes for the 2020 General Election](#)
- [A clarification of the Vote By Mail rules sent out by USPS as they apply to New Jersey](#)
- [A summary of how to use and return a Vote By Mail Ballot](#)
- [A flyer with a QR code and link to register online](#)
- [A Voter Registration Form for those who might prefer that method of registering](#)
- [A guide for filling out a Voter Registration Form](#)

Please note that the registration deadline to vote in this election is October 13, 2020.

We hope that you will be able to share the attachments with your teachers and students and encourage them and their families to register and to vote as early as possible. If I can be of any assistance, please don't hesitate to ask.

Sincerely,

Sharon Gruber, Voter Services Committee

League of Women Voters of the Greater New Brunswick Area
