April 2019

Dear Parent/Guardian:

As we approach the end of this school year, counselors and students have been very busy selecting courses for next year.

Your student’s course requests for the upcoming 2019 - 2020 school year are available in Parent Access under the Scheduling tab. This is **not a schedule**, rather a confirmation of what your student has requested to take next year. Please take time to review this list of course requests.

Upon receipt of these requests, students will have through **April 11** to make elective changes. After this time, counselors will address conflicts using the alternates provided. Concerns regarding recommendations should be addressed with the classroom teacher first to note any changes since the initial recommendation. If your student is still interested in changing their recommendation they will need to speak with a department supervisor **from April 22 – May 15**. Forms for this process may be picked up in the guidance office.

In June, students will receive tentative schedules. They will have through **June 14** to make elective changes, period for period. Elective changes from the start of school through September 13 will be considered on a period-for-period basis, pending availability.
